Footnotes:

- (1) Data not submitted because end-use product is not produced by an integrated formulation system.
- (2) Not required for an end-use product.
- (3) Not required because product is not to be diluted with petroleum solvents
- (4) Not applicable since product is not recommended for use around electrical equipment
- (5) Not applicable since the product is water based, not solvent based, and the product volatilizes at a temperature less than the temperature limit considered to be flammable.
